

Welcome to Friendship Circle

A book about Friends@Home

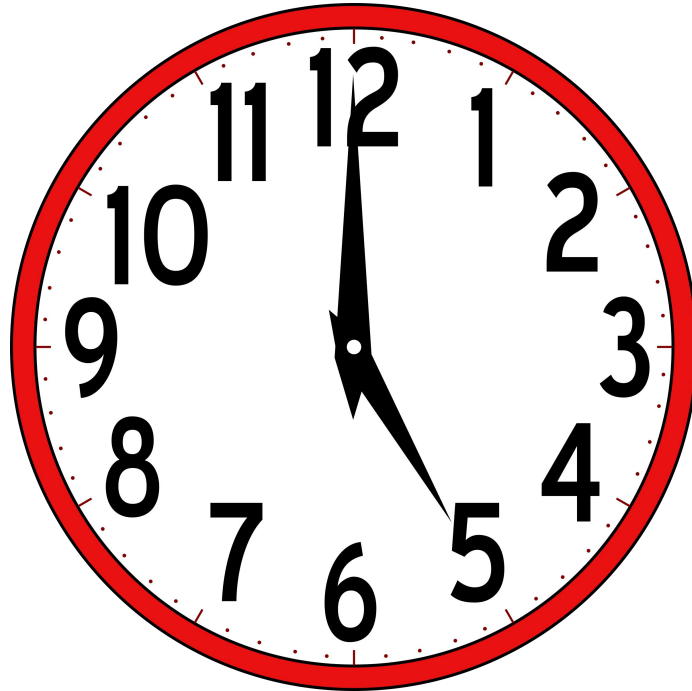

Friends@Home is when someone comes over to my house to play with me.

**Someone from Friendship Circle will
come over to my house and introduce me
to my new friend.**

**At the same time every week, my friend
will come over to my house.**

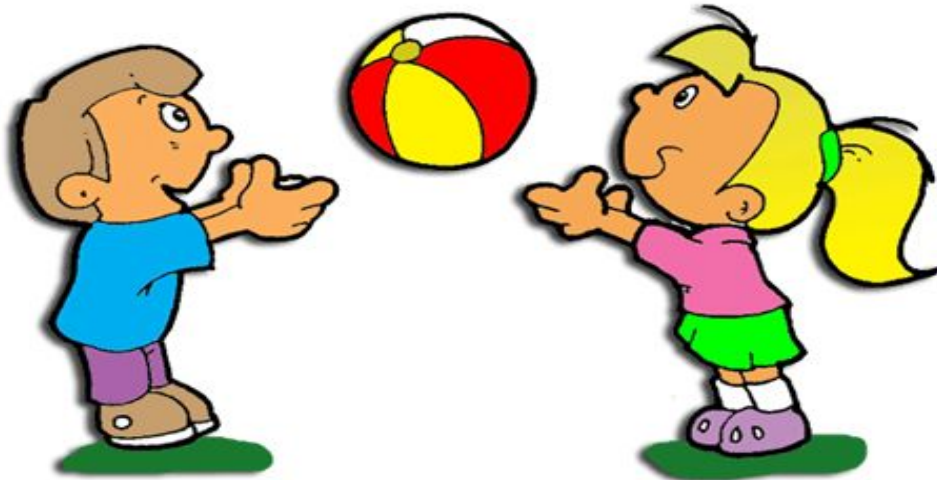

**With my friend, I can be myself and have
fun!**

My friend is chosen just for me and we like many of the same things.

During our time together, my friend and I do things we both like!

We might bake cookies, play a game, or go outside.

**While I play with my friend, my family
will relax and let us have time just as
friends.**

At the end of our visit, I will say “see you soon!” to my friend!

Every week I will be excited to see my friend. We will talk about things we like and learn about each other.

One week, my friend might not be able to come to my house. This does not mean they are not my friend anymore.

**They will be back soon and I will not get
upset.**

I can't wait to see my friend again!
